WARMBOOK

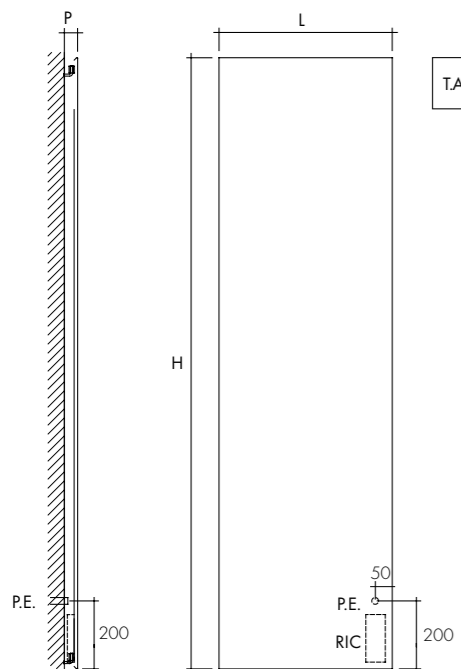

Sunshine 

— Scirocco H LAB

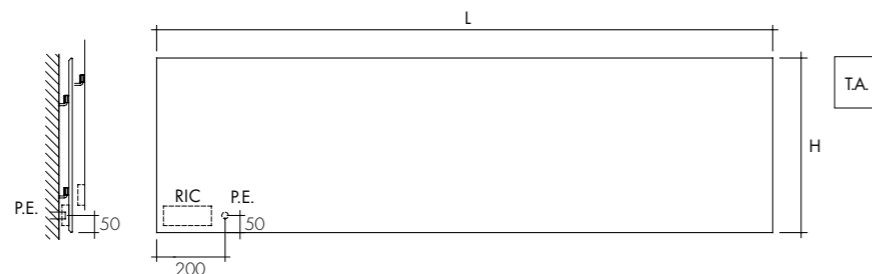

p.112

	IT	UK	FR	ES	DE
	- Struttura e cover in lamiera di acciaio verniciata - Resistenza elettrica in silicone scaldante, Classe I	- Structure and cover in painted steel sheet - Electric heating element in silicone, Class I	- Structure et couvercle en tôle d'acier peinte - Résistance électrique en silicone chauffant, Classe I	- Estructura y cubierta en plancha en acero, pintadas - Resistencia eléctrica en silicona calefactor, Clase I	- Struktur und Abdeckung aus lackiertem Stahlblech - Elektrisches Heizelement aus Silikon, Klasse I
	- Termostato ambiente digitale programmabile, WIRELESS, a pile, IP30 - Ricevitore 1 Canale WIRELESS, tensione 230V-50Hz, IP44 - Staffe a parete	- Room temperature digital programmable thermostat, WIRELESS, with 1.5V batteries, IP30 - 1 Channel WIRELESS receiver, voltage 230V-50Hz, IP44 - Wall brackets	- Thermostat d'ambiance digitale programmabile, WIRELESS, avec piles 1,5V, IP30 - Récepteur WIRELESS à 1 canal, tension 230V-50Hz, IP44 - Supports muraux	- Termostato de temperatura ambiente digital programable, WIRELESS, con pilas 1,5V, IP30 - Receptor 1 Canal INALÁMBRICO, tensión 230V-50Hz, IP44 - Soportes de pared	- Digitales und Programmierbares Raumtemperaturthermostat, WIRELESS, mit Batterien, IP30 - 1 Kanal WIRELESS Empfänger, Spannung 230V-50Hz, IP44 - Wandhalterungen
	- Bianco RAL 9010 lucido - Colourbook Scirocco H	- White RAL 9010 gloss - Colourbook Scirocco H	- Blanc RAL 9010 brillant - Colourbook Scirocco H	- Blanco RAL 9010 brillante - Colourbook Scirocco H	- Weiß RAL 9010 Hochglanz - Colourbook Scirocco H
	- P.E.: punto allacciamento elettrico - RIC: ricevitore - T.A.: termostato regolazione - Massima distanza da termostato a ricevitore: 10 m	- P.E.: electrical connection point - RIC: receiver - T.A.: regulation thermostat - Maximum distance from thermostat to receiver: 10 m	- P.E.: point de connexion électrique - RIC: receptrer - T.A.: thermostat de régulation - Distance maximale du thermostat au récepteur: 10 m	- P.E.: punto de conexión eléctrica - RIC: receptor - T.A.: termostato de regulación - Distancia máxima del termostato al receptor: 10 m	- EA: elektrischer Anschlusspunkt - EM: Empfänger - RTH: Regelungsthermostat - Maximale Entfernung vom Thermostat zum Empfänger: 10 m
